Mines and Mining.

To miners prospectors and all persons inter-
ested. The OLD ABE EAGLE extends a cordial
invitation to all to call and examine the mining
journals which we receive and file. The list com-
prises the best in the United States and are
placed at your disposal free. Parties coming in
from the various camps can also secure some of
the daily and weekly papers to take out and be-
cause their spare moments. Publications.

COAL.
The OLD ABE EAGLE publishes in its
last issue a statement of the annual pro-
duct of the Parker & Wells coal mine near
White Oaks. It amounted for the past
year to a total volume of about 2,500 tons,
the mine being worked for the purpose of
supplying the local demand alone, there
being no means of economical transpor-
tation to El Paso and other points, that
would in the event of a railway, consume
enough coal to make of White Oaks, if it
had no other resources, a place of impor-
tance. In another portion of the same
journal an expert was taken to task for
having made the statement that there was
no coal at White Oaks. The White
Oaks Leader of the same week, accuses
certain of its citizens of back-sapping the
mining resources of the place and tribu-
tary regions.

The very product of the Parker &
Wells coal seam is a vindication of the
White Oaks coal beds. That place is
now undergoing the same experience
which years ago afflicted the pioneer coal
men of Cerrillos, Trinidad, Blossburg,
Carthage and Gallup. Santa Fe railway
and other experts denounced one after
another, these camps that are now sup-
plying the wants of the southwest. The
conditions for the continuity and char-
acter of the White Oaks coal seams are
just as flattering as they were at Cer-
rillos and at Trinidad, when in the same
stage of development.

The Bulletin would advise the Santa Fe
or other corporations wishing to have an
intelligent report of the resources of
Lincoln county to discontinue their cus-
tom of sending coal experts from Potts-
ville to examine a region in every way dis-
similar in geology and other character-
istics from Pennsylvania and call to their
aid, instead, the western expert, who has
none of the prejudices that characterize
the miner who has derived his experience
in the coal fields of the Atlantic slope.
One and all of these so-called coal experts
from the east that have fallen in our path
are men whose fund of knowledge was
acquired in eastern coal regions. They
expect to find coal under the same con-
ditions in New Mexico as those that ex-
ist in Pennsylvania, finding these to be
wanting they at once come to the con-
clusion that the conditions for continu-
ous coal of good quality are unfavorable.

New Mexico in general has suffered much
from inept experts, back-sappers and
chronic kickers, and White Oaks in par-
ticular has felt these evil influences.
Two remedies suggest themselves to us
at this moment: the first, prayer; the
second, the organization at White Oaks
of an industrial club, whose duty it will
be to secure reliable data of the char-
acter and value of the resources of Lincoln
county, publish the same and distribute
the information in every place where it
would be likely to do good. The latter
plan we prefer to prayer and trusting in
the Lord.—El Paso Bulletin.

The Lund coal land is owned by two
residents of White Oaks and joins the
Cochran coal on the north. The open-
ing on this claim is less than a thousand
feet from the Cochran mine entry and on
a line with it and is 120 acres in extent.
The owners of this mine claim the best
road of any to their property but on this
subject the EAGLE wishes to state that
all roads to the mines have been hauled
over in quantities of from a ton and a
half to two and a half tons, owing to
whether a single or double team is used.
The railway makes all of the coal acces-
sible by rail. The patent for this tract
is soon due from the land office and all
has been done upon it necessary to guar-
antee patent and Final Receipt given sev-
eral months ago. An entry on about
four feet of coal has been driven about
40 feet on this claim and the dip of the
vein is about 25° from perpendicular.
This claim was exploited for the purpose
only of showing up coal.

For the present this concludes the
report on White Oaks district although
later on the EAGLE may be able to fur-
nish further information including about
ten or twelve hundred acres more.
The Cochran and Lund claims are for
sale at reasonable figures by Ross & Ra-
bille—see their ad.

Ross & Rabille have a tract of valuable
coal land for sale. A mine is open on the
property and several thousand dollars
have been expended on it. This is the
nearest coal mine to White Oaks and can
be made to pay at any time. Address
Ross & Rabille for description and price.

RAILROAD RUMBLINGS.

TRINIDAD, COLO., Feb. 4.—L. C. Sher-
man, a civil engineer of this city, today
received word to come to Las Vegas and
join a corps of surveyors under Chief
Engineer P. H. McCrackett to finish up
the preliminary survey of the Denver,
Trinidad Short Line railroad from Las
Vegas to Trinidad. Mr. McCrackett and
a corps of surveyors started out from
this place last fall to make the survey,
but only got as far as Catekill, N. M.,
when the snow blockade prevented fur-
ther efforts. The people all along the
line between Trinidad and El Paso, Tex.,
are enthusiastic over the construction of
this line. The company hopes to begin
grading this spring at the south end,
between El Paso and White Oaks, N. M.
—Globe Democrat.

The above is not quite correct as to
point reached by McCrackett. His corps
surveyed ten miles this side of Catekill
and has now started in from Las Vegas
to complete to that point.

Optic-Eagle Endorsements.

Speaking of the rumor that the Atch-
ison is about to build from Cerrillos to
the San Pedro mining district, and from
Carthage to White Oaks, the Denver
Republican looks upon the latter as an
effort to forestall the construction of the
Denver El Paso short line. The Repub-
lican is of the opinion that these lines
should have been built long ago, and
that the Carthage-White Oaks branch
will not in any way militate against the
Las Vegas & El Paso short line. What
seems to give some probability to the
Carthage-White Oaks project is the
statement, the truth of which the Optic
cannot vouch for, that the coal mines at
Carthage had about failed, and the Atch-
ison has been looking for coal lands at
White Oaks. As this line would run
due west from White Oaks, it would be
of no service for a northern or eastern
connection, such as the Las Vegas & El
Paso line would supply; and, conse-
quently, would not at all interfere, or
compete with the latter.—Optic.

Col. C. K. Holliday, a director of the
Santa Fe, also first president of that
system, is quoted in the Globe-Democrat
as saying in part, "that they were
going to build a branch to White Oaks."
Also, that "there is talk of a road being
built from Denver to El Paso, but in the
present state of the financial market, I
do not believe the new company can
raise the requisite money." It is pecu-
liar that for a month past the Globe-
Democrat has been reporting money
easy and in the same issue makes simi-
lar favorable report and yet Mr. Holliday
contradicts it.

Money is seeking investors just now
more eagerly than investors money.
This does not indicate that business is
"flat," for the opposite is the case. Cash
simply is plenty and the trade outlook is
bright. Nobody is hoarding money.
This is a striking and agreeable change
from the conditions twelve months ago.
—Globe-Democrat.

Efforts to secure capital for the El
Paso White Oaks-Las Vegas line are
being made both in London and New
York.

The Alien Act.

Mr. Joseph kindly sends the New
Mexican a copy of the bill which he and
Delegado Smith are working to have
passed in congress. It refers to the alien
act and repeals the clauses which
prohibit foreign money from investment
in "mines of gold, silver, lead, tin, cinnabar
or copper or any interest therein."
The bill has been favorably reported
in the house and is now on the calendar.
Mr. Joseph writes: "This bill has been
reintroduced by Mr. Smith, of Arizona,
and we are both urging its passage."
—New Mexican.

All right so long as it does not apply
to holdings of large bodies of non-min-
eral lands. We need no dukedoms in
free America. Had too much Land
Grant experience.

H. B. Ferguson, of Albuquerque, who
is interested in the Old Abe mine at
White Oaks, and whose name has been
prominently mentioned in connection
with the Democratic nomination for del-
egate to congress next fall, is at the Ven-
dome on his way to Eddy, where he is
attorney in an important mining suit.
—El Paso Herald.

The Exchange bank has been estab-
lished at White Oaks, this Territory,
with John Y. Hewitt as president, Wm.
Watson, vice president, and J. W. Zol-
lars, cashier.—Optic.

FOR SALE.—Interest in lode claim—
gold prospect—in the Jicarilla district.
Purchase money will be applied to fur-
ther development of lead. Inquire of
Ross & Rabille, this office.

FT. STANTON STATISTICS.

Lieut. Brewster, of 10th Inf'ty, has
been promoted a first lieutenant in 22nd
Infantry. He will be stationed at Fort
Keogh, Montana, in future.

Invitations have been received here for
the wedding of First Lieut. H. K. Rhy,
10th Infantry, to Miss M. Adam, of Bel-
ville, Ill., daughter of Major Emil Adam,
of 6th Cav.

The effects of DeLany & Vail were
sold at public auction, at Lincoln, on 2nd
inst. for \$260. George M. Snelly, of
Kansas City, was the purchaser.

Second Lieut. W. H. Wilhelm has
been appointed Post adjutant, vice Lieut.
Brainard, now commanding troop G, 2nd
Cav., during the absence of Col.
Wheelan.

Col. J. C. DeLany and J. J. Dolan vis-
ited White Oaks last week on business.
Chas. J. Stein has withdrawn from the
brewery business at Riverside, and
Tom Eubank is going it alone now.

G. M. Shelly and O. H. Vail left for
the East on Thursday last. Mr. Shelly
going to Kansas City and Mr. Vail to
Albuquerque.

Daniel Epps, of Eagle Creek, who was
seriously kicked by a horse last week, is
in the Post hospital undergoing an
operation on his head.

L. J. Steward, the victim of the well-
disaster, is improving rapidly. Dr. Jarvie
expects to pull him through with two
good legs.

FIVE "GOOD" INDIANS.

Special to the EAGLE.

Advices from Mesquero Indian reser-
vation by Mexican stage driver just
arrived, brings news of a free fight among
a number of Mesqueros, which resulted
in the death of four bucks and one squaw.
From what can be learned, the Indians
got hold of a quantity of "fire water" and
at once started on the war-path. Two
Indians are arrested and confined in the
guard house at the agency. U. S. A.

W. A. Hawkins, district attorney for
this judicial district, has resigned.
Lincoln county eligibles (Republicans)
are D. J. M. A. Jewett and Geo. B. Bar-
ber, of Lincoln, Messrs. Watson & Lund,
Prof. Dye and Capt. Timoney. The
first two, residents of White Oaks, could
not be induced to accept appointment
to the position. The last two are non-
committal. The Lincoln representatives
are not heard from. Several parties in-
terviewed express the opinion that Capt.
Timoney will probably be tendered the
appointment by Gov. Prince.

M. Stanley Taliaferro, the successful
editor of the Watauga, (Ill.) Republican
is on a short visit to his brother and his
former friends. His geniality and gen-
eral fund of wit and humor made the
EAGLE's sanctum labor somewhat lighter
on various occasions this week.

J. H. Grumbles who has been seri-
ously ill with pneumonia passed a rest-
ful night and is apparently some better
this morning. Dr. Jarvis, Post surgeon
at Fort Stanton was brought over by
Gov. Ulrick and had a conference on the
case with Dr. Paden.

B. J. Miller the photographer, says:
"that a 'short time' doesn't mean two
months and that if you want work you
and better come at once. You can see
from his work finished here that he is no
idle workman, as some seemed to think
when he first came to town."

The White Oaks B. & L. Co. received
three "Star" wind mills this week, one
of which will be put up for E. W. Parker
and one for J. L. Marlock. Parties
desiring the best wind mill made will do
well to see these in operation before or-
dering any other.

Joseph Quaid received information of
the serious illness of his wife at home in
El Paso and left at once. He has been
engaged in stone-cutting on the Hewitt
block.

P. W. Brennan and Chas. Stephens,
from Socorro arrived today. They will
do stone work on the new Hewitt build-
ing.

Help the town, the post office and the
EAGLE by sending copies of this paper to
your friends in the east.

Wind mills, pumps and towers put up
complete and guaranteed.
